

Invitation:

SFL Partner Day 17 May 2024

Welcome to Sustainable Finance Lab's yearly Partner Day, with keynote speakers Caroline Flammer and Robert Eccles, both distinguished researchers and also members of the SFL Scientific Advisory Board. We will highlight some of the initiatives and activities that are taking place in SFL. Equally important, we invite our partners to engage with us and discuss how research can support your operations. Join us during the day, share your thoughts, network with other participants, and contribute to SFL's future agenda.
